School Board Grants Pay Raises to Employees

Employees of the Monterey Peninsula Unified School District will get pay raises of just over 2 percent, retroactive to July 1, following recent action by the district's board of education.

Trustees approved new salary schedules for certificated employees providing for a 2.38 percent increase. Classified, or non-teaching, employees were given pay hikes of 2.25 percent. In addition, effective September 1, daily pay for substitute teachers in the district was increased from $21 to $23 for short term assignments and from $23 to $26 for long term duties. Adult school teachers and other certificated employees being paid on an hourly basis will get $6.65.

The raises were funded with "new money" available in this year's district budget. A Statement of Conditions has been approved under which any additional new funds that might materialize during the year will be applied to further pay increases, reserves and other programs.

Superintendent Allan J. Petersdorf reported that first day attendance on September 5 totaled 16,931, compared with 17,250 on the first day of school in 1971. Of this year's total, 1,301 were kindergarten students 8,469 were in grades 1-6, 3,825 attended junior high schools and 3,336 were in high school classes. Schools opened without any major problems, he said.

Trustees turned down three written bids on two pieces of surplus school land. Dilorenzo Real Estate, of Seaside, bid $33,535 for an unused parcel of land on the Del Rey Woods School site, and a second bid was submitted by Bratty Real Estate, of Pacific Grove, totaling $28,000. In offering the land for sale, trustees had reserved the right to sell the property to any interested public agency regardless of other bids, however. The City of Seaside wants to purchase the land, and the school board chose to sell to the city. Seaside will pay the minimum bid price of $22,860. Harry A. and Constance M. Smith, of Salinas, submitted a $5,000 bid for two lots at Sunset and Hillcrest, in Marina. Trustees rejected the bid because it fell short of the minimum asking price of $25,000.

Board members approved preliminary plans for a staff development center to be constructed adjacent to the district's warehouse at the Educational Services Center in Del Rey Oaks. The two-story structure will house instructional materials, a print shop and graphic arts facility, educational materials display areas, teacher work rooms, inservice training centers and other services designed to help teachers improve effectiveness. Because finances are limited, only a shell will be erected initially, and the interior will be developed as funding permits.

The borad accepted a gift of $1,500 from the Bing Crosby Foundation for the purchase of band uniforms to be used at King Junior High School, in

An application for $330,000 in federal funds under Title I of the Elementary and Secondary Education Act was authorized. The money will be used to continue the district's compensatory education programs through 1972-73.

Lee Martelli, representing the Seaside Chamber of Commerce, asked the board for permission to survey students at Seaside High School to see if they are interested in having a Junior ROTC program there. Trustees indicated that they would approve of such a survey if it was determined that such a program could feasibly be operated there and if students were given information about such a program prior to voting on it.

The borad agreed to meet all day Saturday, November 11, for a study session on district educational programs. A similar day-long meeting was held last year.

BIG MOMENT - Jim Wester (left) and Don Wester shared in groundbreaking ceremonies of Wester Porsche-Audi Agency, which were held last Friday at Monterey Peninsula Auto Center in Seaside. New Agency will be constructed next to Wester Volkswagen. Completion of $300,000 facility is expected in March, 1973. Until it moves to new location, Wester Porsche-Audi will continue doing business at present location--1187 Del Monte Avenue, Monterey. For more pictures of ceremonies see page 8. Funds For New City Library Lost

A $300,000 federal grant for the construction of a new library in Seaside has been lost to the city for the present.

This fact was made known to the city council last week by City Manager Dudley Lapham who said the city request was turned down by federal officials after six weeks of encouragement.

Lapham said that an official from the Western Regional office of the Economic Development Administration in Seattle told him over the phone that the allocation would not be approved this year because final plans for the library had not been received by that office.

He was puzzled by the explanation, said Lapham, because the EDA knew when it offered the funds July 18 that it would take 90 days for the city to prepare the plans.

Mayor B. J. Dolan pointed out that the city had already spent $10,000 in staff time, architect's fees and other expenses in preparing the plans.

Councilman Stephen Ross, suggested that a letter be sent to the head of the regional office in Seattle, with a copy going to the administration chied in Washington, expressing the council's feelings that they were led on unfairly. He added that the letter should be written 'in "Courteous terms."

Councilman Billie Barton agreed that the protest should be made in a dignified manner.

The council then voted unanimously to have the staff compile a summary of the city's compliance with EDA's requirements and send that along with a letter requesting an explanation and reconsideration.

In addition, the council voted to go ahead with the work on the preliminary plans for the library up to a sum of $7,500.

Following the meeting, Lapham said that he is not giving up on the possibility of getting the funds this year. He said that the city was informed that $300,000 would be made available if the application could be submitted by August 1. Lapham said that deadline was met and everyone assumed everything was going well.

Big Saturday Night Show at Festival

The Saturday evening show September 16, of the Monterey Jazz Festival will include a free-swinging jam session billed as "The Giants of Jazz" and featuring Thelonious Monk, Art Blakey, Clark Terry, Kai Winding, Al McKibbon, Sonny Stitt and Roy Eldridge.

Also on the bill for that evening are Mary Lou Williams who will perform with her trio; Sonny Rollins and his quartet; Herbie Hancock and his new Septet; and jazz vocalist Joe Williams.

The Fifteenth Annual Monterey Jazz Festival will be held September 15, 16, 17, in the 7000-seat outdoor arena on the Monterey County Fairgrounds. The Festival consists of five differently-programmed concerts---Friday, Saturday and Sunday evenings and Saturday and Sunday afternoon.

Tickets are available at the following outlets: The Record Cove in Monterey; The Record Cove and Carmel Music in Carmel; Gadsby's Music in Salinas.

Thumbnail biographical sketches of the above artists follow:

Thelonious Monk--whose angular, often bittersweet piano lines have become jazz classics. Monk has played with most major jazz figures and has influenced many.

Art Blakey--the percussionist whose jazz groups have been incubators of talent which later blossoms into fame.

Clark Terry--the singular trumpet and fluegelhorn player with a flawless attack and easy style much admired by fans and fellow performers.

Kai Winding--one of the giants of the jazz trombone, a perenniel jazz poll winner.

Al McKibbon--a fine bassist, at home in almost any group playing any style of jazz. Among artists he has performed with is Cal Tjader.

Sonny Stitt--a fine saxophonist, most often associated with the lyrical lines and style of the late Charlie Parker.

Roy Eldridge--one of the all-time jazz trumpet greats whose influence has been enormous. Even the redoubtable Dizzy Gillespie acknowledges his debt to Eldridge whose trumpet can scream or cry.

Mary Lou Williams--a swining pianist who left jazz for several years and then made a triumphal reentry swinging as hard as ever.

Sonny Rollins--Perhaps only the late John Coltrane has been such an influence on the present generation of tenor saxophonists.

Joe Williams--the big-voiced blues singer known for his fine work with the Count Basie Band, who has more recently appeared as a solo artist.

Herbie Hancock--the new, young pianist, jazz poll winner.

Gallery to Get Proceeds From Opening

When "WINGS," the very first Academy Award film, opens a five-day run at Sunset Center Theatre on September 13, all proceeds of the opening night performance will go into a fund to obtain future exhibits for the Marjorie Evans Gallery which is the newest addition to the Sunset Center facilities.

Both old-time and contemporary movie celebrities have been invited to attend with an opportunity for everyone to meet them during a preshow reception at 7 p.m. on the Sunset Patio. Refreshments will be served.

A special feature of the "WINGS" program will be the personal appearance of John Thomas, noted theatre organist who played the score for "WINGS" when it first opened in 1927. A spcial organ has been set up in Sunset Center Theatre for the occasion and Mr. Thomas will present a short concert prior to each showing of the film.

Also during the run of "Wings," an exhibit of old-time movie posters, cameras, and mementos will be on display in the Sunset Center Theatre foyer.

Those who have enjoyed the three shows already hung in the Marjorie Evans Gallery will, it is hoped, attend the opening, thus not only seeing the film and hearing the organ concert but also assuring the continuing of high quality exhibits in the gallery. The film will continue through September 16 with the organ concert at 8 p.m. and the film at 8:30 p.m. A matinee at 2:30 p.m. on Sunday, the 17th, will end the run.

Council Announces Mini-Bike Program

At their last meeting, the Seaside City Council decided to institute an organized minibike program, complete with monthly races, for the city.

The council authorized city recreation director Cleve Williams to spend $900 to start the program on the vacant land below the football field on the Seaside High School campus. According to Williams, the Monterey Peninsula Unified School District has already given the city permission to use the land and he hopes to start the program around October 1.

Boys and girls, ages 9-17, will be allowed to use the field on weekends from noon until 5 p.m.

In addition to races, Williams said the program will include safety education and efforts to get minibikes off the city streets.

In other action, the council joined with Carmel, Del Rey Oaks, Monterey, Pacific Grove and the County of Monterey in approving an agreement to institute a joint powers agency for public transportation. City manager Dudley Lapham was named as the city's representative to the agency. Councilman Joe Cota is the alternate.

The council also approved an agreement with the Harambe Medical Clinic to grant $1,500 for "administrative costs" on the condition that the clinic give a complete accounting by June 30, 1973.

In addition, the council:

Denied a request from Pioneer House to use the Youth Center for a preschool program, which was formerly held at 1378 Luzern Street. That building was recently destroyed by fire.

Referred back to the planning commission the application for a use permit to construct a 25-unit townhouse project at 1035 Highland Street.

Announced a joint study session with the planning commission for September 20 at 7:30 p.m. to discuss the preliminary Peninsula Area Plan.

Denied an appeal by Nadene Tempel on her application for a variance legalizing conversion of a garage into a room at 1166 Richardo Court. The planning commission had already turned down the application.

Denied an appeal by Norman Tringali for a planning commission denial of a use permit and variance to allow remodeling of an office building into apartment units.

Continued until September 21 consideration of an ordinance which would ban nonappurtenant billboards from the city.

Poyner Re-Opens Campaign

Roger Poyner, Monterey attorney at law, has re-opened his campaign for the office of Fourth District Supervisor. Poyner made the announcement during a recent gathering of the over fifty Monterey County residents who comprise the nucleus of his campaign committee.

"It's very gratifying," Poyner said, "to have these hard workers ready and willing to get back on the campaign trial. These good friends were of great help during the primary and now that summer is over, we're all going to work twice as hard for the November 7 general election."

Poyner reached the run-off by receiving over 3,500 of the total primary votes, approximately 3 percent behind the incumbent. If elected he will be the first supervisor in eight years to reach the office by the vote of the people; four of the present supervisors were initially appointed by the Governor during that period.

Harambe Explains Presence

A spokesman for the Harambe Medical Clinic has said that the presence of a vehicle with their name on it at the recent anti-war and pro-Billy Smith rally had no political significance.

Lenzy Donaldson, planning director for the clinic, said that the station wagon with a Harambe sign on it was in the parade for medical emergencies only.

Donaldson siad the vehicle was equipped with oxygen and first aid equipment in case any of the marchers needed assistance. He also said that Harambe was set up to coordinate its actions with A-1 Ambulance service and the Community Hospital.

The services of Harambe were requested, said Donaldson, by the organizers of the march.

A.E. Barragan

Gather your tears.
String them on a thread.
Of your memory,
To wear around your heart;
Or its shattered fragments
Will never come whole again.
- Flamingo Feather -

In the deepest experiences the human being can know--the birth of a baby, the prolonged illness or death of a loved relative, the loss of a job, the creation of a poem, a painting, a symphony, the grief of a fire, a flood, an accident--each in its own way touches upon the roots of loneliness. In each of these experiences, in the end, we must go alone.

In such experiences, inevitably one is cut off from human companionship. But experiencing a solitary state gives the individual the opportunity to draw upon untouched capacities and resources and to realize himself in an entirely unique manner. It can be a new experience. It may be an experience of exquisite pain, deep fear and terror, an utterly terrible experience, yet it brings into awareness new dimensions of self, new beauty, new power for human compassion, and a reverence for the precious nature of each breathing moment.

It was with my deepest regret to learn of the passing of the mother of our ex-mayor, Mr. Haddad. I did not know Mrs. Haddad, but I can feel the pain of the loss of a loved one. A few years ago I lost an aunt and an uncle whom

Nursery School

The Peninsula Parent Nursery School located at Del Monte School has started its fall semester.

The cooperative school is inter-racial and non-sectarian. Two and three day sessions are offered for children 2 years and six months to kindergarten age.

Interested parents, who want to enroll their children in this active co-op, may call the membership chairman Mrs. William Brown at 375-9694.

Tax Assistance Forms Available from Bob Wood

Assemblyman Bob Wood has announded that application forms for the Senior Citizens Property Tax Assistance program are available in his district office.

To be eligible for the program, an applicant must be over 62 years of age, be a resident of California, be living in his own home, have paid current property taxes and have a household income of less than $10,000.

"The property tax refund," Wood said, "is based on the amount of household income. If your income is under $1400, you may receive up to 96 percent of the amount you paid in taxes back. If your income is around $5200, you will receive one-half of the amount you paid in property taxes back. The program is designed to help our senior citizens who for the most part are living on fixed incomes that can not keep up with the increased taxes and effects of inflation."

Wood said applications are available in the district office in Salinas at 32 East Alisal Street, or by calling Assemblyman Wood at 424-1703. The deadline for filling out applications is October 15, 1972.

Today's Army NEWS By SSG R. Cardwell ARMY RECRUITER

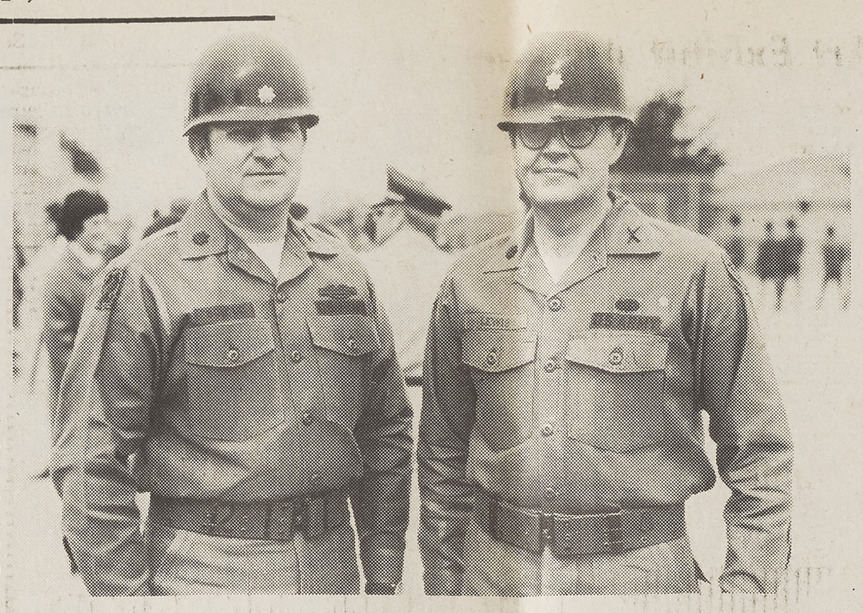
Hello everyone. What's the NVA? It's not a compact foreign car; it's not a new stereo set-up. MVA stands for Modern Volunteer Army, a goal the Army plans to acheive by July next year. After that date, new members of the Army will be colunteers. Men and women who join will do so because it is their choice. They will choose to be professionals in the world's finest military force.

Today's Army ha gone through a lot of imrpovements and positive changes, most of them initiated from within. There is more emphasis on personal development and training, more importance placed on the individual himself. Today's Army is concerned with professional soldiers. Living accommodations are improving. Salaries with benefits are as good as many civilian equivalents. Travel, benefits, everything's better in Today's Army-Today's Modern Volunteer Army.

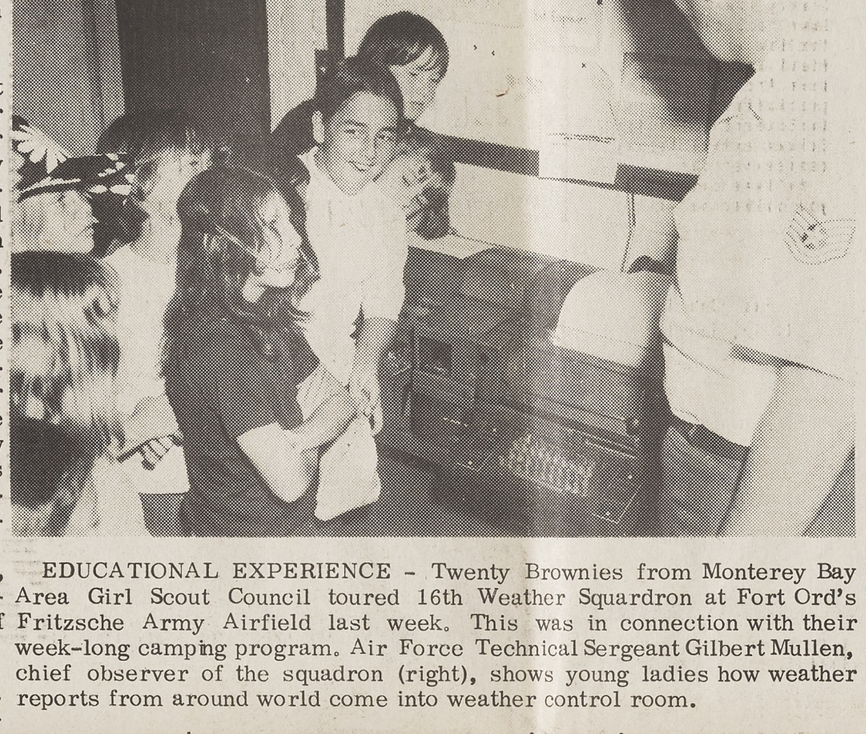
Recent studies conducted by the Department of Defense show today's enlisted man to be rather typical of the following profile. He's a volunteer who has graduated from high school, is slightly over 23 years old, is married and has 1.8 dependents in addition to his wife. This typical enlisted man is probably also stationed within the boundaries of the Continental United States. With enlisted men and women, five percent have graduated from college, almost 12 percent have completed two or more years, 22.5 have some college and 85.6 percent are high school graduates, almost 90 percent have completed over two years of college and almost 95 percent have had some college. Figures ten years ago show that enlisted menand women with college degrees made up only 1.4 percent of the military population. Only 64.6 percent of the commissioned officers had college degrees. So you can see not only is Today's Army better than ever before, it's also a lot better educated. An Army of educated, well-trained professionals. The kind of Army the people want.

The following people enlisted in August: Robert Semore-3094 Cresant-Marina: Richard Cherry-3109 Seacrest-Marina: Ray Charles Cook Jr. 2090-Yosemite-Seaside: Stanley Anderson-1744 Soto-Seaside: Tony Lopes-1260 Flores-Seaside: Leonard Roof-1063 Highland-Seaside: Ricardo Mosqueda 1857 Lincoln-Seaside: Karen Sharp-380-C-Bergin Dr. Monterey: Daryl Hale 204 5th Cav Cir. Ft. Ord: Luis Ferrer-317 Monroe-Monterey: Doug Vaughn-Carmel: Jerry Staggs-Monterey: Michael Montgomery-Marina: Rick House--Pacific Grove: James Tansey-Ft. Ord.

For more information about the Army, please see us at 431-Webster St. Monterey, or call 372-4742/372-0553.



NEW LEADER - Lieutenant Colonel Donald A. Bolduc (left) relinquished nearly eighteen months of duty as Battalion Commander of 2d Battalion, 2d Brigade to Lieutenant Colonel Henry Lewis in change of command ceremonies recently. Commenting on his command of 2d Battalion, Bolduc praised his troops for their efforts and loyal support. Lieutenant Colonel Lewis was formerly executive officer of 4th Brigade before assuming command.



EDUCATIONAL EXPERIENCE - Twenty Brownies from Monterey Bay Area Girl Scout Council toured 16th Weather Squardron at Fort Ord's Fritzsche Army Airfield last week. This was in connection with their week-long camping program. Air Force Technical Sergeant Gilbert Mullen, chief observer of the squadron (right), shows young ladies how weather reports from around world come into weather control room.

BA Founder To Be Honored With Stamp

A. P. Giannini, founder of the Bank of America, will be honored with a commemorative postage stamp next year.

His portrait will appear on a 21-cent stamp as part of the U.S. Postal Service's series of Prominent American. A 14-cent stamp featuring Fiorello LaGuardia was issued last April.

Both the 14- and 21-cent stamps are useful in mailing educational materials and preferential rates.

The date and city of issue of the Giannini stamp have not yet been announced. Details concerning first day cancellation requests will also be announced later.

Giannini established B of A, then known as the Bank of Italy, in San Francisco in 1904.

Giannini died in 1949 at the age of 79.

Service Signal

Six local men recently enlisted in the Navy. They will be attending ten weeks of recruit training in San Diego.

Joseph Silva, 18, son of Mr. and Mrs. John Silva of Pacific Grove plans to attend Avionics School.

Timothy McDaniel, 18, Seaside will receive on the job training in a field of his choosing after completion of his recruit training. He is the son of Mr. and Mrs. Kermit McDaniel.

George Smith, 19, Seaside will enter training as a hospital corpsman at Great Lake, Ill. He is the son of Mr. and Mrs. George Smith.

Eighteen-year-old Steven Thornton will have a choice of entering a specialty field when he has completed his training. He is the son of Mr. and Mrs. Lester Thornton of Marina.

Richard Moore, 18, and Michael Aday, 18 have elected to enter the aviation field. After, receiving their graduation diplomas, they will enter training for maintenance and repair of the Navy's aircraft.

* * * *

Army Specialist Four Leonard L. Collins Jr., 19, son of Mrs. Louise D. Collins of Seaside, recently was assigned to the Troop Command at Fort Myer, Virginia.

Spec. Collins is serving as an enlisted aide with the Commands Headquarters Company. He entered the army in December, 1971, completed basic training at Ft. Ord, and was last stationed at Ft. Lee, Virginia.

The specialist is a 1971 graduate of Seaside High School.

His wife, Patricia, lives in Seaside.

* * * *

Larry Ruch and Rick Atkinson enlisted into the Marine Corps under the Buddy Program on August 31, 1972. Pvt. Rush enlisted for the Technical Specialist Field, for a period of four years and Pvt. Atkinson enlisted for two years. Both are now undergoing training at the Marine Corps Reckuit Depot, San Diego.

Larry is the son of Mr. and Mrs. Harold C. Rush of Seaside. He attended Seaside High School. Rick is the son of Mrs. Gilmore E. Bartley, of Seaside. He is a graduate of Monterey High School and attended Monterey Peninsula Junior College.

* * * *

On August 24, 1972, Theodis Brown enlisted into the Marine Corps for a period of four years under the new Combat and Combat Arms Bonus Enlistment Program. Pvt. Brown will receive a $1500 bonus upon assignment of a Military Occupational Specialty within this area. Pvt. Brown is requesting a assignment to Tanks. He is now undergoing training at the Marine Corps Recruit Depot, San Diego.

Theodis is the son of Mrs. Teresa, Robinson of Seaside. He attended Monterey High School.

* * * *

Home on leave is Private First Class Al Lorio, who has just graduated from Marine "Boot" camp, San Diego. Pfc. Lorio was promoted to his present rank upon graduation. The rank of Private First Class is only given to the top 10 percent of each Platoon that graduates. Pfc. Lorio is scheduled to report to the Infantry Training School, located at the Marine Corps Base, Camp Pendleton, California, upon completion of "Boot" leave.

Pfc. Lorio is the son of Mr. and Mrs. Domingo Lorio of Seaside.

* * * *

Army Private Raymond M. Karle, son of Mrs. Elanor Agrotolio of Marnia, is assigned to Ft. Ord, where he is training under the Modern Volunteer Army Program.

The program combines basic and advanced individual training (AIT) into an average 16-week program, depending on the AIT the soldier receives after completing basic. Decentralized instruction at the unit level and a reduction of formations and inspections give the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty and travel and improved living facilities are other benefits of the program.

Pvt. Karls began his training with Headquarters Company, 4th Battalion of the 2nd Brigade on August 10 and is scheduled to complete the first phase on October 4.

* * * *

U.S. Air Force Master Sergeant Gerald A. Mason, son of Mrs. Doreen Mason of Pacific Grove, has arrived for duty at Clark AB, Philippines.

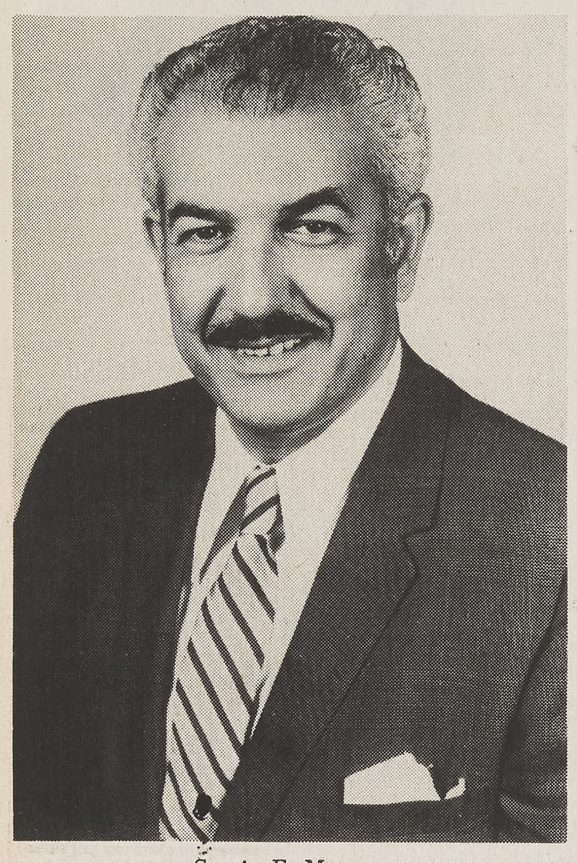
Monterey Man to Head Equal Opportunity Program



Samir F. Mansour

Samir F. Mansour, Director of the Naval Postgraduate School's Educational Media Department, has accepted the position of Program Coordinator of Equal Opportunity at the Navy Supply Systems Command in Washington, D.C.

Mr. Mansour will be responsible to devise programs to insure equality in employment for the 22,000 federal employees in the system. "I want to demonstrate that in government service we can rectigy some of the injustices of the past without compromising the competitive merit system of federal employment," remarked Mansour, who added, "This requires innovation that does not discriminate against qualified non-minority citizens."

He also noted that he was privileged to be selected to assist in the implementation of the Equal Employment Opportunity Act of 1972 which reemphasizes the role of the federal government in the area of the Civil Rights Act of 1964.

Working for fair employment is not new to Mansour, who has been involved in minority problems as well as education for many years. He has been the Chairman of the Equal Employment Opportunity Committee at the Postgraduate School since the program's origin.

While at the Postgraduate School, de developed a project of recuriting entrance-level trainees into government service and providing them with long term career opportunity. "It gives members of minority groups in the 18-22 age bracket an opportunity to develop their full potential," says Mansour.

A resident of Monterey Peninsula, Mansour has worked at the Postgraduate School for 6 of his 15 years in the area. Prior to that, he worked as an education specialist at the Defense Language Institute and also at the Monterey Institute of Foreign Studies where he taught in the Education Department. Prior to moving to the area, he worked at the United Nations as a field welfare officer for refugees.

Accompanied by his wife, Aide, and three children, Suzie, 12, Bryan, 14, and Philip, 9, Mr. Mansour will be leaving the Peninsula at the end of September.

September Art Exhibit Announced

The Seaside City Hall September art exhibit features oils by Betty Pleshe. This is her forty-second one-man show. In the display cases are metal sculptures by Pat and David Heidelberger of Goleta and jewelry and polished stones by Hobbit Mines International of Big Sur. The hours are 8 to 5 Monday through Friday.

Betty Pleshe of Walnut Creek and Carmel began her art career in commercial art. She taught fashion art at the Walker Art Center and the Minneapolic School of Art and painting at the St. Paul School of Art before coming to California in 1955. She has taught painting in Santa Barbara and cities in the San Francisco Bay area, but now devotes all her time to painting. A winner of many awards for painting, Betty has also won prizes for culpture and pottery. This exhibit is her forty-second one-man show.

Pat and David Heidelberger both contribute to the design and excution of their metal sculpture. They make their living with their art and are very serious about refining the technique and style of their arrangements. A four year old daughter, Kendra, travels with them to art exhibits throughout the state. The Heidelbergers have been working on this technique for three years. Using copper, steel, or brass, worked principally with Oxy-Acetylene welding equipment, they make delightful arrangements of flowers, or leaves, on a base of rock or wood. Some of the pieces--flowers, mushrooms--are enameled before welding.

The Hobbit Mines International is owned by Janet and Edward Jones. Here they have mined "Big Sur" jade and gold for about five years. The mining operation is small compared with their jewelry making business. The call their jewelry "Canyon Originals". The jewelry is handcrafted using wire without solder. Many of their sculptured wire pieces are set with a unique jade called "Pacific Blue".

New Store on Cannery Row

The Chandlery, a new and unique store has opened at 625 Cannery Row in Monterey. It features the finest in cutlery: Case, Gerber, Henckels and Sabatier--and an extensive selection of pewter from England, Holland, Norway and the United States.

There is an unusual display of military miniatures, cannons and model ships--together with the kits and supplies to build them.

While not a "ships chandlery" in the traditional sense, there are a number of interesting and nautical itesm: from bosun's whistles and ships clocks to table mats made from navigation charts.

The Chandlery is located in the Custom House Cannery building in the new Cannery Row Square development,--across the street and between Neil DeVaughn's and the Tia Maria restaurants.

Do your children know God's love?
In a Christian Science Sunday School, children learn that God *is* Love and that He is an ever-present friend, always close to them. And they are given practical instruction from the Bible and the Christian Science textbook that they can use every day.
We'd love to see you and your children this Sunday.

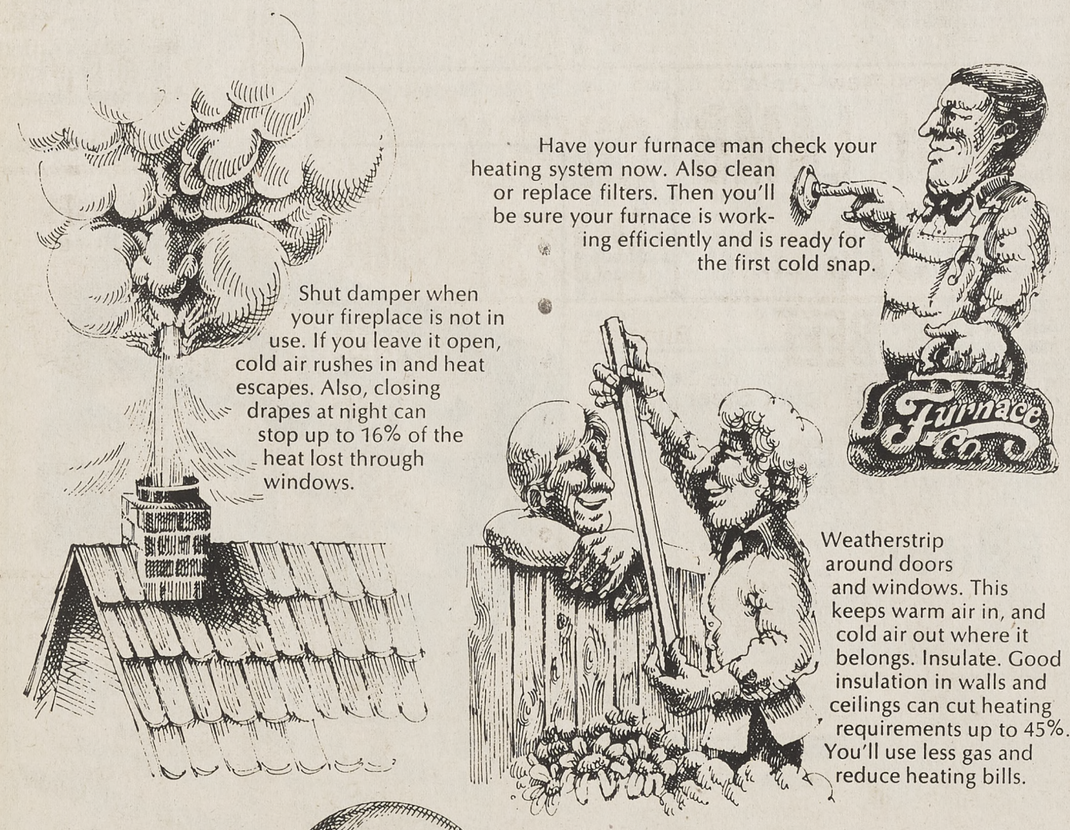
More consumer service tips from PG&E:
How to conserve energy and reduce your bills this winter.


Have your furnace man check your heating system now. Also clean or replace filters. Then you'll be sure your furnace is working efficiently and is ready for the first cold snap.
Furnace Co.
Shut damper when your fireplace is not in use. If you leave it open, cold air rushes in and heat escapes. Also, closing drapes at night can stop up to 16% of the heat lost through windows.
Weatherstrip around doors and windows. This keeps warm air in, and cold air out where it belongs. Insulate. Good insulation in walls and ceilings can cut heating requirements up to 45%. You'll use less gas and reduce heating bills.
Agree on a comfortable setting for your thermostat and leave it there, except for turning it down when you go to bed. Frequent thermostat changes waste gas and increase your heating bill.
Your winter PG&E bill is usually higher than your summer bill because in winter months you need more heat and light and spend more time indoors. But if you follow these suggestions, you'll cut your winter bills and conserve natural gas. Though inflation has forced rates up modestly after years of rate reductions, PG&E service remains your best household bargain. PG and E

Seaside Ripples

Continued from Page 1

I felt with their departure could never be expressed in mere words. It was like the falling of a boulder into a bottomless pit. Forever waiting to hear the sound of it striking bottom.

Irregardless of the fact that your loved one was the victim of a long illness, nevertheless, when the end comes the pain is not cushioned. You always have the feeling that you could have done more to make the passing easier.

For my birthday, I received a devotional diary written by two unidentified ladies and edited by A. J. Russell entitled "GOD CALLING". This book or diary, contains daily conversations and instructions these ladies received from God. They wrote them down, but desired to remain anonymous. On September 8, this is the message they received: "WALK IN MY LOVE. When supply seems to have failed you must know it has not done so. But you must, at the same time, look around to see what you can give away. Give away something.

"There is always a stagnation, a blockage, when supply seems short. Your giving clears that away, and lets the Spirit of My Supply flow clear. A consciousness of My Presence as Love makes all Life different. The consciousness of Me means the opening of your whole nature of Me, and that brings relief. Relief brings Peace. Peace brings Joy. The 'Peace that passeth all understanding' and the 'Joy no man taketh from you.' Beyond all words is My Love and Care for you. Be sure of it. Rejoice in it WALK IN MY LOVE. These words mean much. There is a joy, a spring, a gladness in the walk of those who walk in My Love. That walk becomes a glad conquering and triumphant march. So walk."

There are 366 devotional days covered in this diary. And each day has a significant meaning for everyone. I would recommend this book as a credit requirement in high school or college, but some law maker would veto it as shoving something down young people's throat. Maybe a little love or peace or joy or care should be forced on some people. It could do no harm. In fact it may help a bit.

Nothing can be better than strong love for your fellow being. Weak love can be routed by fear. Love and fear cannot live together. A perfect love and trusting love is always the conqueror, and fear flees in confusion.

Approximately 53 years ago, there came to this country a young lady from Beirut, Lebanon. Her name was Mae (Tammam) Lelo. She married a gentleman named Abraham Haddad 51 years ago. They settled in Oklahoma. Later they moved to Corpus Christi, Texas. Before she was widowed in 1948 she had birthed four sons--Louis, Emil and David are still living. She and her husband moved to Waco, Texas and started a grocery store. She lived a moderately happy life trying to adjust to the culture of this country. She never learned the language fluently, but she got by with the little English she was able to pick up.

All the members of her family remember with a savoring hunger, each of the many delicious Arabic meals she used to prepare. They also remember how she would only briefly tell of her past before coming to this country--of her previous marriage as a young lady in Beirut to the young husband who was killed in one of the Civil Wars in Arabia.

Mae (Tammam) Lelo Haddad has left a legacy that will be remembered for many many years. Her legacy consists of 14 grandchildren and 3 great-grandchildren. And may she Rest in Peace.

"If when you come, and all the flowers are dying/ If I am dead, and dead I well may be/ You'll come and find the place where I am lying/ And kneel and say an Ave there for me/ And I shall hear, tho soft you tread above me/ And all my grave will warmer, sweeter be/ For you will bend and tell me that you love me/ And I shall rest in peace until you come to me." - Danny Boy -

Andy is home now, and doing fine. He sends his love and the doctors say there is only one direction from here on - UP. Bye now.

Design Class Is Enlarged

A second sectiin of interior designer Belva Sanford's Interior Design Workshop has been opened at Monterey Peninsula College, according to Heinz Hubler, college community services officer.

The workshop will be held from 7:30 p.m. to 10 p.m. on Wednesdays beginning September 20. Classes will be held in the MPC Home Economics Building.

Mrs. Sanford is a fellow of the American Institute of Interior Designers. She is also a successful decorator, consultant, teacher and director of one of the largest interior design studios in the country.

Registration for the workshop is $25. Enrollment will be limited to 20 persons.

The workshop is for both beginning and advanced students with decorating plans. The course will cover color and design for individual interiors using actual materials such as wallpapers, fabrics, and floor coverings. Funiture design styles and floor plans will also be included. Discussions will deal with each student's home decoration plans.

Participants in the workshop may register through MPC Community Services, 375-9821, ext. 335.

Your Supervisor Reports

Loren Smith

Seaside's vital participation in the current anti-poverty programs was assured by recent action of the Board of Supervisors when they approved the proposed budgets of several O.E.O. projects. The Senior Citizens work program, Harambe Medical Clinic and Young Adults for Action's job program were among the approved projects.

The Senior Citizens program was allotted $71,000 and emphasis on this program will be on helping Senior Citizens to help themselves. Existing Senior Citizens organizations will be encouraged to continue the good work they have been doing and other agancies will be urged to broaden their services to give more aid to Senior Citizens. They will be trained to extend their craft abilities so that Craft Cooperatives can be set up not only for programming but also for a source of income for members of the cooperative groups.

The Harambe Medical Clinic was alloted $10,000 to enable them to provide dental service and other programs. At present the Clinic has two donated dental chairs with no space to install them in order to make dental services available to many disadvantaged persons. The $10,000 is intended as seed money to be supplemented by other State, Federal and private funding.

Young Adults for Action have been able to negotiate an agreement with Western Electric Company to manufacture component parts for some of their telephone installations. O.E.O is funding their preliminary budget in the amount of $10,000 to enable them to rent and renovate a building and purchase supplies. The major equipment and manufacturing stock of steel will be supplied by Western Pacific. This operation is designed to supply jobs for inmates who are trying to adjust to society after serving their sentences and young people who are being counselled by Young Adults for Action. This could be the first of several contracts which Young Adults could handle.

I believe these O.E.O. actions are all steps in the right direction.

Your Seaside Street Department

by N. Duffy

The purpose of any city government is to organize its city into an efficient unit at minimum cost to the taxpayers. The Street Department of the City of Seaside has strived to do its share in helping the city achieve this goal.

Since the incorporation of Seaside, the Street Department has been responsible for many of the City's Public Work Construction Projects. This separates us from the majority of California Cities who contract all their heavy construction out to private firms. Seaside is able to cut its construction costs in that they not only have both the men and the machinery to perform these jobs, but the ability to perform heavy construction, which in turn, has saved the city and its taxpayers money.

During this year we have undertaken four major street improvement projects. On Wanda Avenue, west of Prospect Street, we installed storm drain pipe, graded for the curb and gutter, removed trees and constructed the street. On Highland Place, city crews did all grading, driveway conforms and street construction. These two projects alone saved the city $14,000. Presently we are involved in the construction of two more such projects, Hamilton Avenue and Judson Street, again saving the taxpayers of Seaside a significant sum of money. The construction of a sotrm drain on Hamilton Avenue has eliminated foul smelling storm water flowing over the street surface.

In three storm drain projects constructed last year by city crews, Santa Barbara Street, Fremont to Olympia; Ord Grove Avenue, Noche Buena to LaJolla; and Fremont Blvd, Broadway to Clementina, a substantial savings was realized by the citizens of Seaside.

The Street Department benefits the City in other ways. Did you know utility patches are performed by the street crews, thus generating revenue for the general fund and in addition reducing the number of pavement failures? Another example is work performed in Redevelopment areas, where accumulated credits for work accomplished are received as revenue placed in your city's general fund.

Through out this article we have given just a few examples of what we have achieved. We view our work with pride and satisfaction, feeling we have helped to make Seaside not only a better, but the best place to live. All together we can achieve.

Bob Wood Reports

You may sometimes wonder what goes on in Sacramento during the so-called interim or recess, until after the November election. This is often a source of misunderstanding on the part of many people in our District and throughout the State of California.

While the interim gives us a break from the Sacramento scene and a chance to feel the pulse of the people in our home districts, the activity in the Capitol continues, through interim hearings of some of the major issues that will face us on our return.

In fact, the subjects already selected for study are as varied and intricate as those which face us during the regular session. But the questions can be posed and solutions thoroughly probed under a less demanding schedule. Committee hearings are set up throughout the State and in my particular case almost 50 percent of the remaining days between now and November 6 will be taken up with committee hearings.

The environmental scene, for instance, will be studied from several fronts and by several committees within the weeks to come. The significance of population growth and distribution and the role of the State government in this area will be looked into, as well as such varied subjects as organic food, urban and suburban pesticide use, the problem of meeting Federal air pollution control standards, and noise pollution in the urban environment in relation to airports and so on. One of the committees will look into the Forest Resources Management and Conservation Act of 1972. Another will check state policy regarding the controversial Sacramento-San Joaquin Delta and the proposed peripheral canal. Hearings will be held on Federal pre-emption in water quality.

The Urban Development and Housing Committee will study urban planned growth and housing needs, an area which is of particular concern to many of us.

In the area of health, still another committee will delve into emerg3ncy medical services, the various Methadone treatment programs and their effectiveness ot the community and the drug user.

It's easy to see from just this partial list that the halls in the Capitol are far from deserted during the legislative interim period. We hope these studies will enable us to more effectively judge the proposals before us later this year and in 1973.

Your Mayor Reports

Joe Dolan

MINI-BIKE PARTICIPATION

This report is very important to both our Young People and to our Adult citizens. We need the cooperation and participation from both groups to enable the Mini-bike Program to be a success.

A brief background: Youngsters have been riding mini-bikes in various unauthorized locations which resulted in unhappiness to one and all - i.e. - noise pollution, police citations, unsafe acts.

Through coordination with Monterey Peninsula Unified School District, permission has been granted to use the Seaside High School oval, open area below the Seaside football field on a programmed, supervised basis for mini-bike program. The City will be initiating the Mini-bike Program on a tentative, trial basis dependent upon full cooperation of both the Mini-bike riders and parents. This means that your Young People must comply with:

1. Times specified
2. Under the direct control of the designated supervisors
3. No other unauthorized areas of the City will be used for mini-bikes at any time.

We need adult volunteers to assist the Parks and Recreation Department in implementing this program. As organizational meeting of parents and volunteers has been scheduled for Tuesday, September 19, 1972 at 7:30 p.m. in the City Hall Council Chamber. We urgently request that all interested citizens, to include Civic Organizations and Young People in our Community, show up to contribute their time, ideas and support.

One word of caution to Mini-bike Riders. Under no circumstances is the Seaside High School track team oval to be used for mini-bike riding. Violators will have to be issued citations.

Again, I want to thank the MPUSD for their full cooperation in providing this support for our youth.

N.B. TO C.P. - HOPE TOSEE YOU IN CHURCH TOO!

As I See It

BY MEL VERCOE

Is Scottish cheese sexier than American or Italian cheeses? Today's tearjerker story comes from L.M. Boyd's column in the San Francisco Chronicle. Because the Italians don't want their birthrate to be increased, they refuse to allow Scottish cheese to be imported into Italy. Something in the cattle food on a Scottish Island gets into the milk and cheese and is supposed to increase the likelihood of pregnancy among people who eat that particular kind of cheese.

It will be interesting to see what happens to Scottish cheese sales, now that there is more to it than just making grilled cheese sandwiches out of it. A year ago somebody started a rumor that catnip could have the same results on humans as on cats, and in no time flat the supply was exhausted and the poor cats had to live on milk, etcetera. And before that somebody else got a segment of our society started on banana peels. I sure hope they don't decide roast turkey and chocolate almond bars (a couple of my favorite have special powers. The turkeys would all be gone before Thanksgiving.

Anyway, that is good news, better than the news from Munich, Saigon, Washington, D.C., McGovern headquarters and a couple other spots on the map. I doubt that we will ever again see the "good old days," when the most exciting thing to happen for months would be some idiot setting a new flagpole sitting record. If someone could have reached into the future to the year 1972 and shown one of today's newspapers to average citizens of the year 1925 or 1930, nobody would have believed what they read.

A surprising number of people try very hard not to believe what they read today, and many are so "turned off" by what is going on in the world that they simply refuse to take interest in the daily news. Perhaps newspapers should code their news items, something like the movie ratings. "A" (for acceptable) could be put on such things as Dagwood, Dennis the Menace, local society items and about a thrid of Ann Lander's column. Everything else, including the rest of Ann Lander's column could be coded "R" (for reject). This would save a lot of time now wasted turning pages. Political news naturally would carry the rating "DR" for definitely reject.

Questions and Answers

Q -- How do I get admitted to a Veterans Administration hospital?

A -- Apply in person to the VA hospital nearest your home, taking with you a copy of your military separation papers. If a veteran-patient is unable to visit the nearest hospital, a private physician may request admittance by phone, being prepared to advise admissions authority as to military data and the need for hospital care.

Q -- I am attending school under the GI Bill and receive $205 monthly educational allowance for myself and wife. Will ny wife be dropped as my dependent if she works and earns a certain amount of money?

A -- No. Your wife's income has no bearing on the amount of educational assistance you receive.

Q -- I receive compensation based on 100-percent disability. May I obtain employment without a reduction in compensation?

A -- Yes, if your condition is rated 100 percent. However, if your condition is rated less than 100 percent and you are receiving temporary compensation at 100 percent based on unemployability, your compensation would be reduced if you become employed.

Q -- I am the daughter of a Korean Conflict veteran who was totally and permanently disabled by a service connected injury. I am eligible for VA's Dependents' Educational Assistance, but wonder if I can go to school less than half time?

A -- Yes. However, payment will be limited to tuition cost, not to exceed $175 if you train less than half time.

Q -- I need funds to finance my son's college education. May I borrow on my GI insurance for that purpose?

A -- Yes, provided you have a permanent plan GI insurance policy over one year old. If you do, you can borrow up to 94 percent of its cash value. Current interest rate on such loans is five percent.

Q -- I understand anyone may buy a VA repossessed home. Where can I get a list of real estate brokers who handle such properties?

A -- The loan guaranty officer in the VA regional office in the area where you want to buy will provide such a list if you write or phone your request.

Letter to the Editor

Editor: On her day of triumph, Angela Davis said: "Starting from this day forward, we must work to free every political prisoner and every oppressed person in the country and in the whole world."

This would include untold thousands of political prisoners in the Soviet Union, in the People's Republic of China, in the German Democratic Republic as well as all the political prisoners in Poland, Hungary, Romania, Bulgaria and Yugoslavia, (Beside the billion people of the countries who are not right now "political prisoners" but just "oppressed.")

Will Angela Davis, who was so wrong when she believed she would never get a fair trial in the U.S. really work for the liberation of the millions in these countries who are just "oppressed"?

If Miss Davis' answer is "yes," she should have the support of millions of Americans and others the world over. Her answer to this question will be the acid test of her sincerity.

JULIUS EPSTEIN

Cops Corner

By Jim Barnes

Capt. Dale W. Anderson

Captain Dale W. Anderson, a native of California and a resident of the City of Seaside for the past 13 years, was born and grew up in Sacramento where he graduated from Sacramento Senior High School.

He enlisted in the U.S. Navy in Jan., 1952. While serving with the military forces, he served in Korea and the Orient. After his tour with the U.S. Navy, Dale Anderson again enlisted, only this time with the Seaside Police Department in July 1961.

Captain Anderson is married and has four children, all of which are attending school in Seaside.

As a police officer, Captain Anderson has served as a Patrolman, Traffic Officer, Investigator, Field Sergeant, Lieutenant, and is presently the Patrol Commander in charge of all uniform Patrol personnel.

During the past several years he and his wife, have been active in the Scouting program.

Captain Anderson graduated from MPC in June, 1972, and is working towards his BA degree at Golden Gate College. Some of the academic achievements which he has obtained other than his Associate Science Degree from MPC, was the Advanced Certificate from the State of California Commission on Peace Officers Standards and Training. He also obtained his Teaching Credential and has been active in teaching at Monterey Peninsula College Gavilan College, and at the Seaside Police Department.

Captain Anderson is an active member of the Law and Legislative Committee State of California, California Peace Officers Association, and is the present Director of the Crime Prevention Program which is Funded by California Council on Criminal Justice.

Captain Anderson was awarded the Americal Legion Outstanding Police Officer of the Year Award for the year 1968. He was also awarded Officer of the month for the month of Oct. 1967 by the Monterey County Peace Officers Association.

Carmel Fiesta Is October 1

The date of this year's Fiesta at Carmel Mission has been set for Sunday, October 1, beginning with the traditional high mass and procession from the Basilica to the courtyard.

The first of such events to celebrate the feast of the patron saint of the mission, San Carlos de Borromeo, was held more than 200 years ago, in 1770, following the founding of the mission by Padre Junipero Serra.

Except during the war years, the Fiesta has been held annually, attracting literally thousands of guests for an afternoon of color and festivity.

A chicken barbecue is served dusk in the mission courtyard, accompanied by mariachi music. Dancing, games and special entertainment highlight the colorful event.

Plans have been underway throughout the summer by a committee headed this year by Paul Pedersen and representatives of various parish groups. Several surprise contests are to be announced soon.

Vintage Festival Coming

Sonoma will host the 26th Annual Vintage Festival this year on September 23 and 24. The festive celebration recalls the colorful history of Sonoma and is a thanksgiving for a bountiful harvest.

One of the most popular events of the Festival, the Vintage Parade, promises to be the largest and most interesting one to date. The parade will include seven separate divisions and about forty categories. There will include seven separate divisions and about forty categories. There will be trophies for first place winners, and ribbons for first to fifth.

The division are Mounted, Foot, Bicycle, Floats, Cars, Drill Teams and Marching Bands, Sr. & Jr. The Mounted division include the Matched Pairs, Fancy Dress, Silver Mounted, Working Western, Sr. & Jr., family Mounted Groups and ten other categories.

In the (on) Foot division, children and adults will be parading in their colorful costumes depicting the Early Californians, Pioneers, Russians, Mexicans, Indians and others.

GRAND TRIP

Mrs. Martha Gilkes of Seaside, flew to Oklahoma City in August, where she was joined by two of her sisters, Mrs. Eddie L. Goggins, of Oklahoma City and Mrs. Emma Walker of New York City. She spent five glorious days in Oklahoma with her family and many friends. Mrs. Gilkes' close friends, Mr. and Mrs. Lester Tyreevee of Los Angeles, surprised her by meeting her plane with her sisters. She had no idea they would be there. Cocktail and dinner parties were given in honor of Martha's visit and tours around the local area were a treat.

The three sisters motored to St. Louis, Missouri, where they attended the Grand Lodge Elks I.B.P.O.E.W. National convention. There they were joined with their sister-in-law, Mrs. Lillie Vernon of Buffalo, New York. All were guests in the beautiful Gateway Hotel.

The family ventured on an Elks-sponsored boat ride "down" the Mississippi and enjoyed the food, music and dancing. It was a "BYOB" affair. Mrs. Gilkes states the formal dinner dance which was held at the Chase Park Plaza Hotel, the Elks Headquarters, was delightful. She went on to say that a three-hour parade, consisting of colorful dressed drill teams, bands, beautiful decorated cars and floats carrying Elk Queens from many states was terrific. The three sisters also attended the Grand Charity Ball, which was held in the Kiel Auditorium.

While in St. Louis, Martha and her family visited the famous Gateway Arch--Jefferson National Expansion Memorial. This memoralizes St. Louis' waterfront as the "Gateway to the West." The inspiring 630-foot stainless steel Gateway Arch affords its visitors an unobstructed, panoramic view to the East and West with 16 windows on each side. Passengers are transported to the enclosed top of the Arch by "capsule trains," which carry five people. Martha is still raging about this marvelous experience. She says "she had the feeling of going to the moon." This was her first visit to St. Louis, and she states she's anxious to return again.

Her sister, Emma, is very active in the Daughter Elks in her hometown.

TENTH WEDDING ANNIVERSARY

Mr. and Mrs. Elwood C. Williams of Seaside celebrated their tenth wedding anniversary during a cocktail party in their beautiful home on Friday evening, September 1.

Approximately 75 guests attended the elaborate celebration, and enjoyed champagne, cocktails and a variety of scrumptious hors d' oeuvres, as well as the hospitality of their charming host and hostess.

Mrs. Williams, the former Jannie Baker and her husband were married September 1, 1962 at Fort Gordon in Augusta, Georgia. She is the daughter of Mr. and Mrs. Willie Baker of Tallahassee, Florida, where she attended elementary and high school at University High, a demonstration school at Florida A. & M. University. She continued her education at Florida A & M where she was awarded a BA Degree in 1961. Prior to her present position as a teacher at Gerneral George S. Patton Elementary School, Fort Ord, she taught home economics for four years at Attucks High School in Hollywood, Florida. She has been very active in community affairs and is associate Matron of Carmelita Chapter #38, Order of the Eastern Stars. She is active in a number of educational organizations. She has three brothers: Willie and Raymond Baker reside in Tallahassee, while Samuel Baker lives in Long Island, New York.

Mr. Williams is the son of Mr. Samuel Williams of Miami, Florida, and the late Iva Williams. He is a graduate of Booker T. Washington High School in Miami. After his graduation, he joined the United States Army, and served more than 20 years of honorable service. Following his retirement from service, he returned to school. He attended MPC and is presently enrolled in an advanced program at California State University at San Jose. His major is speech communications, and he plans to graduate in June '73. Williams is a member of Peninsula #46, AM & FM, Prince Hall, serving as action secretary, and he is active in the Peninsula Strivers Social Club. He is the oldest of a large family of 13 children. His brothers and sisters are all alive and live in the Miami area.

Williams has one daughter, Christine, by a previous marriage. This young lady is taking graduate courses at the University of California at Santa Barbara. She is also responsible for the 10 year wedding celebration, since she introduced her father to her then study hall teacher----and a new life began for the three of them. Now there are four: Elwood C. Williams, II, was born August 13, 1970, at Fort Ord. Although he is only 2 years, one could easily mistake him for a four or five year old, based on his size and intelligence.

VISITORS AND VACATION

Mr. and Mrs. Maurice (Betty) Mann of Seaside were delighted to have had as their house guests in July Betty's sister and brother-in-law, Norma and Bob Holman and their two children, Angelo and Barbara of Chicago, Illinois.

Betty, "being the type that everything must

Continued from column 1

on on," didn't permit her recent stay in the hospital prevent her from showing her family a good time while they were here on the peninsula.

The Holmans were guest of the Mann family for lunch at Nepenthe's restaurant in Big Sur. They toured Big Sur, Pebble Beach and other historic points of interest in this area. They also attended the Cotillion League's fashion show and dance, held at the Mark Thomas Outrigger. Betty was the fashion commentator.

The following day, a trip to Disneyland was enjoyed by both families. They motored to Southern California, and visited areas of interest enroute.

The day after Betty's family returned to Chicago, "busy Betty" joined Regina Battle, "Miss Black Teenage California," her chaperone Ruthie Watts, the Monterey Peninsula League's president Betty Sapp and Miss Battle's mother, Mrs. Maxine Battle, all of Seaside, for the trip to New York City, where they attended the "Miss Black Teenage America" Pageant. Regina, representing California, was one of the five finalists.

After a week's stay in New York, Mrs. Mann continued her vacation in Oklahoma and Virginia, where she visited relatives and friends. Prior to returning home, she went to Chicago. While there, Betty said she was a guest of the newly opened Ridgeland Country Club, of which her brother-in-law is in partnership. She also says the club is one of Chicago's newest, elite "posh" night spots. While in the club on a Sunday afternoon, she went on to say that famous pianist Ramsey Lewis' daughter's wedding reception was taking place in one of the luxurious ballrooms. Betty was quite excited to have brushed shoulders with Nancy Wilson, Jesse Jackson and many other celebrities who were visiting the club and/or wedding guests.

Mrs. Mann explained that the Ridgeland Club boasts a fabulous ballroom, featuring glass inlaid walls and a massive dining room. The dinner jacket attired waiters are anxious to make their guests stay pleasant and confortable. She also states the club's expansive cocktail lounge and bar seats 200 or more guest. There are several rooms for private parties, a health spa where ladies and gentlemen members may take sauna baths, and enjoy the services of the messeur on duty.

Betty wishes "something beautiful like this would happen in Seaside."

Adult Classes Announced

Adult school classes in ceramics, typing, sewing and English as a second language will be offered at Los Arboles Junior High School, in Marina, starting September 12, Gerald O. Anderson, Montery Adult School director, has announced.

Students can register for the classes Monday through Thursday from 7 to 10 p.m. in the adult school offices at Seaside or Monterey high schools.

All four classes will be held Tuesday and Thursday evenings from 7 to 10 p.m. Classes in sewing and creative techniques in ceramics carry a $3 charge plus lab costs. There is a $3 fee for the beginning and review typing course, and the English as a second language instruction is offered free of charge.

More information can be obtained by calling 649-7386 or 649-7188 during evening hours.

Conversational Spanish classes will be offered by the Monterey Adult School at the Neighborhood Center on Lighthouse Avenue starting September 25, Gerald Anderson, adult school director, has announced.

The classes will be held each Monday from 9 a.m. to noon in the Center's annex. Cost is $1.50.

The class had been scheduled to begin September 11, but the starting date was delayed.

Adult classes in the history and contributions by blacks to American society, woodworking, typing and physical fitness will be offered at King Junior High School in Seaside starting September 11, Gerald O. Anderson, Monterey Adult School director, has announced.

All four classes carry $3 fees, and the woodworking for enjoyment course will require lab costs.

The course in history and contributions by blacks to American society will be held Monday and Wednesday evenings from y to 10. Classes in woodworking, typing (beginning and review) and physical fitness (men and women) will be held Tuesday and Thursday evenings from 7 to 10.

Adults can register at the adult school offices at either Seaside or Monterey high schools Monday through Thursday evenings from 7 to 10. More information can be obtained by calling 649-7386 or 649-7188 during those hours.

Band Forming

Attention: Domestic engineers, (lady of the house); Members of Local 616; Retired Military Music Personnel; Non-College bound high school graduate; Students and Working men.

The Seaside Parks & Recreation Department has recently completed plans for a Seaside Community Band according to Mr. Williams, Parks & Recreation Director.

Benjamin Turner a local enucator in the Monterey Peninsula School District and formerly conductor of the Kern County Symphonic Band, the San Francisco Youth Symphony Orchestra, Conductor of the Bakersfield City Schools District Honor Orchestra and has been a Band and Orchestra Educator for 9 years, has been appointed Conductor.

Seaside High School Bandroom has been chosen as the rehearsal site, compliments of the Monterey Peninsula Unified School District. The first auditions, rehearsal and sign-up are slated for Wednesday, September 20, 1972 at 7:30 p.m. - Room D-3.

For those who are interested in earning high school credit, the program is listed under Adult Education, (2 1/2 credits per semester).

DETROIT—The 1973 Cadillac features a new grille, bumper and hood for a distinctive front end appearance as shown on this Sedan de Ville (top). The vertically-styled grille and the sculptured character of the hood blend well with the head lamps and parking lamps. Front bumper deflection capability is provided by mounting the grille to the bumper, allowing both the grille and bumper to telescope beneath the hood during impact. All Cadillac car dimensions remain basically the same except for slight changes in overall length. Rolling smoothness is enhanced by improvements in the frames, front suspension, shock absorbers and body mounting system on all cars. All vinyl roof covers are padded and have a new center seam. They are available in eight colors, enriched by two additional colors — gold and metallic taupe.

The Fleetwood Eldorado (bottom) for 1973 retains the classic look of its predecessors but with exterior styling changes in the grille, lighting, side moldings and ornamentation. Tail lamps and back-up lamps are all new as is the deck lid which, because of its new design, reduces overall length. The license plate area has been moved upward out of the impact area. Incorporated in the wreath and crest on the rear quarter panels are a reflex and side marker light. Further customer value options on 1973 Cadillacs include an electronic theft deterrent device which operates off the ignition switch, an all-new illuminated vanity mirror and a new electrically heated rear window defogger. The windshield wiper control has been redesigned and fully illuminated on all series.

Gas Sales Tax Standardized

When the big signs on California's service stations say "Regular 34.9" or "Ethyl 37.9" that's the total price you'll pay per gallon for your gasoline.

State Agriculture Director C. B. Christensen, whose Department is charged with assuring the accuracy and honesty of all gasoline pumps in the state, announced that he is adopting a regulation requiring that the computed price shown on gasoline pumps show the total price --including all state and federal fuel taxes and sales tax.

The action came about as a result of a ruling by State Attorney General Evelle J. Younger, and Christensen is asking that all service station operators in the state comply with the ruling immediately rather than wait for the official regulation, which will be effective in a few days.

"There has been a lot of confusion since the 5 percent sales tax was applied to gasoline last July," he explained. "Some stations changed their pump computers and street signs to reflect the new tax. Others left the pump and street signs as is and added the tax after the purchase.

"This resulted in different prices being posted at different stations for the same product," he said, "and the consumer could never be sure what he was going to pay until after he entered the station.

"By adopting a standardized pricing procedure," Christensen added, "This problem will be eliminated. In others words, 'what you see is what you get.'"

California Employment Sets New Record High In August

A new all-time record high in employment was set in California in August, according to figures issued recently by the State's Department of Human Resources Development.

Sigurd I. Hansen, HRD's Director, said the August survey showed total number employed in California to be 8,310,400 in a total labor force of 8,816,400.

"That's 50,000 more in jobs than in July and 215,000 more than a year ago," Hansen said.

Hansen said all major non-agricultural industries are employing more people now than a year ago. Largest year-to-year gains were made in the service industries (36,000), government (39,300), trade (42,700) and manufacturing (57,100).

A marked upswing in the aerospace-electronics industry is also apparent in a comparison with last year, Hansen pointed out, even before the affects of the new space-shuttle program are felt. The industry now has 16,900 more people in jobs than this time last year, for a total 454,500, he said.

The August figures also show all-time employment records have been reached in the finance, real estate and insurance group and in the service industries, Hansen said.

"At the same time, the number of jobseekers has dropped by 48,000 between July and August, bringing the total number of unemployed down to 506,000," Hansen added.

"Compared with a year ago, the number of unemployed is now down by more than 100,000--a reduction of nearly 17 percent in the unemployment picture in 12 months," Hansen said.

Grazing Fees

Apportionment of $56,621 of Federal Grazing Fees to 43 designated counties for the year ended June 30, 1972, was announced recently by State Controller Hugh Flournoy.

The individual apportionments varied greatly depending on the extent of grazing lands within each county. San Bernardino County received the largest warrant for $21,383. Monterey County's share was $922.38.

SLICK IMPORT - Redesigned front grill distinguishes 1972 Saab Sonett III sports coupe, unique mixture of Swedish engineering and quality, Italian body design and American market research. Saab Sonett, only front wheel drive sports car on U.S. market, is powered by 1700 cc (103.6 cu. in.) V-4 engine that develops 65 net horsepower SAE and gives car top speed of 110 mph.

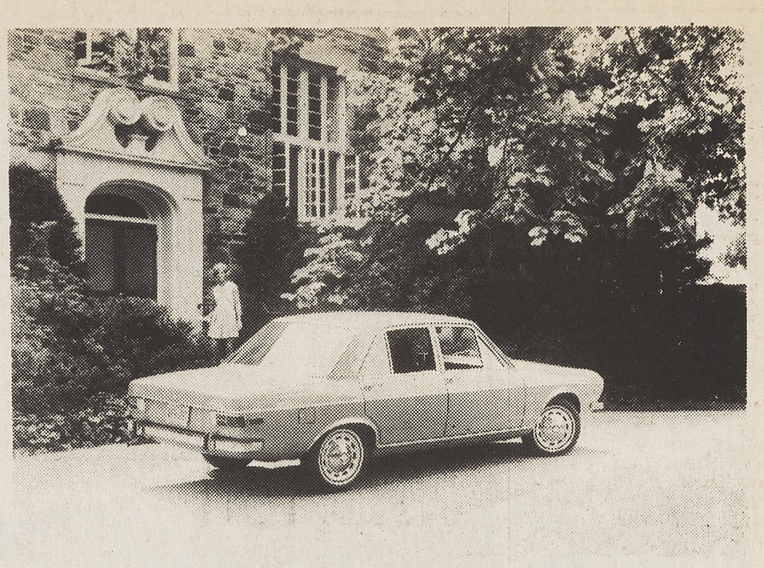
wester porche-audi breaks ground

GROUNDBREAKERS - Are from left to right, Reynolds Johnson, Tim Wester, Don Wester and Mayor J. B. Dolan.

(BELOW) - A larger displacement engine with fuel injection is standard on the 1972 Porsche 911. Now rated at 2.4 liters (142.8 cu. in.), the six cylinder overhead camshaft powerplant develops 157, 185 or 210 horsepower, depending on the version selected. Porsche 911-s are sold and serviced by Porsche-Audi dealers who also handle Porsche 914 mid-engined roadsters and Audi luxury sedans.

ONLOOKERS INCLUDED officials of the Monterey Peninsula.

photos by camera masters



(ABOVE) - A larger engine heads the list of improvements in the 1972 Audi 100 LS, a luxurious sedan available in two- and four-door models. With a heritage dating to 1909, the Audi exhibits trim, contemporary European craftsmanship. A wood veneer dashboard, power disc brakes and reclining seats are among its standard equipment, while options include an automatic transmission and air conditioning.

(BELOW) - BEAUTY ON WHEELS - Porsche's mid-engined 914 roadster has improved ventilation system for 1972 and passenger seat has been made fully adjustable. Powered by 85-horsepower, fuel-injected engine, 194 has balanced layout with engine and passenger compartment located between front and rear axles.

Fifteen High Schoolers Spend Summer Helping At Silas Hays Hospital

GOOD EXPERIENCE - The nursery in Silas B. Hays Army Hospital was scene where few of 15 Red Cross Volunteens passed time of day during their summer vacation this year. (From left) Sandra Kane, Joni Horiuchi, Cheryl Apuan, Debi Williams, Ruth Price, Wendy Apuan and Karen Bowman discuss experiences they had while working in the hospital.

—What do high schoolers do during their summer vacation? Some work to earn extra money and others volunteer their time helping people.

This summer 15 dependents of Ft. Ord servicemen joined the Red Cross Volunteen Program, volunteering their vacation days to the Silas B. Hays Army Hospital.

Helping out the nurses and doctors in the Pediatric Ward, hospital Pharmacy, Laboratory and X-Ray Departments, these young adults gained experience and self-satisfaction.

In the Pediatric Ward, the Volunteens played games with the children, read to them and often fed the tiny ones. "We just try to find ways of occutyping their time as the days get so long for the little ones," commented one Volunteen.

Having knowledge in the field of chemistry from their classes in high school, many Volunteens enjoyed the practical experience of working in the hospital Lab and X-Ray Department. In the Lab they were primarily working with microbiology. Skilled nurses and doctors taught what tests to make with the cultures taken from patients, and routine lab procedures.

Clerical skills became invaluable in the X-Ray Department and the hospital Pharmacy. Filing and typing in both areas helped fill prescriptions and file x-rays faster.

Originally, the Red Cross Volunteen Program was activated for 16 to 18 year old youths during the summer months. But now, according to Karen Lund, supervisor of recreation at the hospital Red Cross, the program will continue six days a week throughout the year.

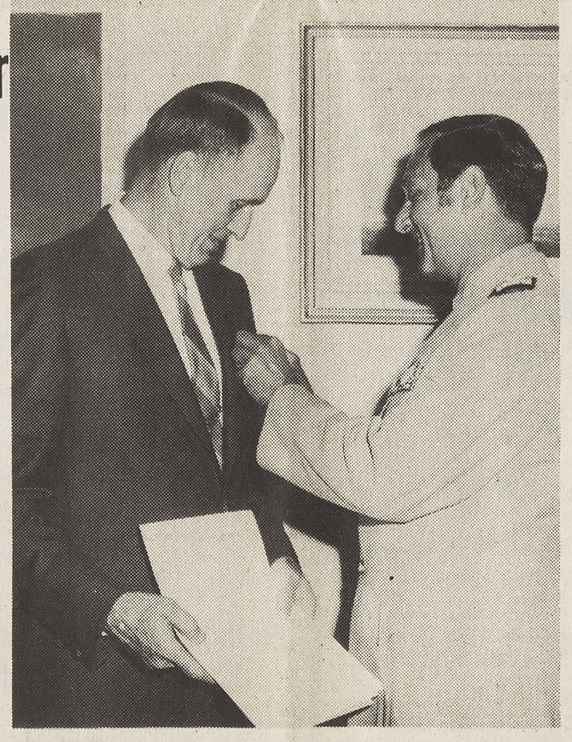
Recognition was given to those young adults Aug. 29 when they received Certificates of Achievement for their volunteer time of a combined total of 757 1/2 hours.

Bids Being Accepted

The State Department of Parks and Recreation is accepting bids for operation of concession at Richardson Grove State Park, about 9 miles south of Garberville in Humboldt County.

State Parks Director William Penn Mott, Jr. said sealed bids will be opened and read at 2 p.m. October 11, 1972.

Prospective bidders are invited to inspect the prospectus and preliminary plans and specifications at no charge in the Concessions office in Room 1147-12, 1416 Ninth Street, Sacramento. Bidders may purchase a prospectus and bid forms for $5. Checks should be made payable to State of California, Department of Parks and Recreation. The mailing address is P.O. Box 2390, Sacramento, 95811. The phone number in Sacramento is (916)445-9060.



HONORED - Superior Civilian Service award is pinned on Dr. Milton U. Clauser, Provost of Naval Postgraduate School, by Rear Admiral Mason Freeman, Superintendent. It is presented in recognition and appreication of superior service which has been of exceptional value and great benefit to Navy.

County Gets Forest Revenue

State Controller Hugh Flournoy recently announced he has apportioned $20,735,012 among the 39 counties sharing in 1972-72 revenues from United States Forest Reserves.

This was $9,489,871 more than the apportionment for the previous year, an increase of 84.39 percent, Flournoy said. The apportionment represents 25 percent of the total Federal revenues received from forest reserves in California during the fiscal year ended June 30, 1972.

The 11 counties with the smallest populations received 42 percent of the total apportioned, the Controller pointed out. Alpine, Mono, Sierra, Mariposa, Modoc, Trinity, Amador, Calaveras, Plumas, Del Norte and Colusa Counites have less than one-half of one percent of the State's population but they contain almost one-third of the total forest reserve area in the State and accounted for $8,709,508 of the apportionment.

One-half of the amount apportioned to each county is deposited in its County School Service Fund, and one-half in its County Road Fund.

Monterey County's share was $7,091.34.

'Sweet Adelines'

The "Sweet Adelines," an international organization of women's barbeshop harmony groups, is starting a chapter on the Monterey Peninsula.

Anyone who likes to sing is invited to attend at meeting at Carmel High School. They are held every Tuesday evening, beginning at 8 p.m. in the music room.

John Robinson, who has been in barbershop for over 20 years, is director do the club.

For more information, call 372-3464 or 624-9023.

Films to Be Shown

Two films, "Story of a Birth" and "A Shared Beginning", will be shown free of charge at the Monterey Public Library on Friday, September 15, a5 8 p.m.

Both films show couples preparing themselves intellectually, emotionally and physically for the birth of their children. The actual deliveries are shown.

The film showing is presented by the Childbirth Education League. Following the films, there will be a discussion session guided by instructors and members of the League.

The Childbirth Education League sponsors prenatal classes stressing "prepared childbirth". Their belief is that the pain and discomfort attributed to childbirth are generally the result of ignorance and misinformation. The CEL classes offer information, exercise, and encouragement which prepare the couple for a dignified and unique experience. A fee is charged for the eight week course and advanced registration is necessary during the 45h and 5th months of pregnancy. An early class on nutrition is now included in the series. Questions about the films or classes may be directed to the Childbirth Education League at 375-5737 or to Mrs. Wayne Ross at 372-5535.

See 1920's Exhibit at State Fair

The City County Museum's traveling exhibit of the 1920's will be installed at the California State Fair In Sacramento, it was announced by James Henley, director of the Historic Landmarks Commission.

The free-standing exhbit will have a sophisticated sound system that will not only provide commentary on the 20's era but will play music from the close of World War I through the start of the depression in 1929.

The exhibit is set up chronologically with photographs by the famous railraod photographer David Joslyn who took the great rail photos at the turn of the century. The photographs were donated by David Joslyn Jr. to the commission and have been made into large graphics 4x5 feet.

Native Sacramentans will enjoy the many scenes of the area depicted in the many 1920's scenes of the large display which was assembled by the museum group and which will replace the antique show in Expo Center.

The Expo appearance will be the second for the exhibit in the state. It was first at Florin Center, then at the Gibson Ranch. After Cal Expo, it will go to the Oakland Museum for three months.

German Chief Of Staff Tours Ord

A 19-gun salute and 4 ruffles-and-flourishes greeted Lieutenant General Ernst Ferber, Inspector of the Army of the Federal Republic of Germany when he and his party arrived at the Fort Ord Parade Field September 8. He was the guest of Brigadier General Ray Ochs, commander of the Army Combat Developments Experimentation Command which is headquartered on Fort Ord.

With Lt. General Ferber were Brigadier General Maththaus Speigl, Defense Attache of the German Embassy in Washington, D.C.; Colonel Heinrich Meyer, Army Staff Section III, FRG; Colonel Hans Dreuener, US Military Attache from Bonn who was serving as US Army Escort Officer; and Lt. Colonel Hartmut Behrendt, adjutant to Lt. General Ferber.

The German visitors arrived at Monterey Airport and were met by their host, Brigadier General Ochs who escorted them to the Fort Ord Parade Ground where they were greeted by Major General H. G. Moore, Fort Ord's commander and honored with cannon salute.

Military sedans then transported the three-star German general and his party to CDEC Headquarters area where a command briefing was presented to the visitors by the CDEC Commander.

After luncheon at the Fort Ord Officers Mess, Brigadier General Ochs escorted the German visitors back to the Monterey Airport from which they departed by Air Force C-140, for the next stop on their tour of selected military posts in Continental United States. They toured the US military installations at the invitation of the Department of the Army.

The German General's counterpart in the United States Army is that of its Army Chief of Staff.

A's Offer Special Plan To Season Ticket Buyers

The Oakland A's are offering their fans a guaranteed method of obtaining tickets to American League Championship Series and World Series games at the Coliseum.

Everyone who buys a full season ticket for the A's 1973 games, prior to October 1, will be guaranteed the option to purchase 5 tickets to each of the 1972 and 1973 Playoff and World Series games played at the Coliseum for every season ticket they buy. This offer is open to the first 5,000 season tickets sold. Playoff games are scheduled for the Coliseum this year on Saturday, October 7 and Sunday October 8, while World Series games are set for Tuesday - Thursday, October 17-19.

Season ticket prices for the 1973 season will be $276 in the first deck, $207 in the second deck, and $172.50 in the third deck, with a 50% deposit required and the balance payable by March 1, 1073.

Everyone interested in taking part in this program should contact the A's at 635-4300.

Blood Donors, Nurses Needed

There will be an American Red Cross Blood Drawing at the Carmel Chapter House, Thursday, September 14, from 9 a.m. to 1:30 p.m.

Every blood honor that day will receive a ticket to the Monterey Peninsula College drama, "Indians," which will be presented in October. With these tickets, two persons will be able to attend a performance for the price of one.

Prospective donors should call the Carmel Red Cross at 624-6921, for further information.

Lucille Scott, Nursing Services Chairman, is also sending out a call for registered nurses to help at the drawings. "If you can volunteer just a few hours and want to find out more about the work of RVN's as American Red Cross volunteers," Miss Scott says, "telephone me at 624-5123."

INVITATION FOR BIDS

The Redevelopment Agency of the City of Seaside will receive bids for the following work to be done according to plans and specifications on file as follows:

Grading, concrete footings, steps and paving, masonry retaining walls and columns, trellages, asphaltic paving, decomposed granite paving; drainage, irrigation, electrical and hook ups of each; plant equipment and restroom facility, chain link fencing and miscellaneous appurtenances; lawns and planting in the Hannon Redevelopment Area, Hannon Project NDP A-2-1, Seaside, California,

until 11 a.m. Pacific Daylight Time on the 28th day of September 1972, at 1600 La Salle Avenue, Seaside, California, at which time all bids will be publicly opened and read aloud.

Bids are invited upon the items and quantities of work, broken down by the three parks, as listed in the "Bid for Side Preparation".

Contract Documents, including Drawings and Technical Specifications, are on file at the office of the Redevelopment Agency of the City of Seaside, at 1600 La Salle Avenue, Seaside, California.

Copies of the Contract Documents may be obtained by depositing $10.00 with the Redevelopment Agency of the City of Seaside for each set of documents so obtained. Each such deposit will be refunded if the Drawings and Contract Documents are returned in good condition within 10 days after Bid opening.

A certified check or bank draft, payable to the order of the Redevelopment Agency of the City of Seaside, negotiable U. S. Government bonds (at par value), or a satisfactory Bid Bond executed by the Bidder and an acceptable surety, in an amount equal to five percent (5%) of the total of Bid for Site Preparation shall be submitted with each bid.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Contract Documents must be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin.

The Redevelopment Agency of the City of Seaside reserves the right to reject any or all Bids or to waive any informalities in the bidding.

Bids may be held by the Redevelopment Agency of the City of Seaside for a period not to exceed thirty (30) days from the date of the opening of Bids for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding of the Contract.

THE REDEVELOPMENT AGENCY OF THE CITY OF SEASIDE, CALIF.

NOTICE INVITING BIDS

Notice is hereby given that the City of Seaside of the County of Monterey, State of California, hereby invites sealed proposals or bids for the following work to be done according to plans and specifications on file, adopted therefore, to-wit:

1972 SLURRY SEAL PROGRAM

Proposals for the above mentioned work will be received by the City of Seaside, County of Monterey, State of California, until 2 p.m. on September 21, 1972, at the office of the City Clerk at the City Hall, 440 Harcourt Avenue, Seaside, California 93955, at which time all bids will be publicly opened and read aloud by the City Clerk who shall report the results of the bidding to the City Council of said City for its consideration on September 21, 1972, at 8 p.m. at the meeting room of said City Council, City Hall, Seaside, California.

The City of Seaside reserves the right to reject any or all proposals and to waive any informality in proposals received.

Each bid shall be in accordance with the plans and specifications adopted therefore, submitted on the proposal form furnished and accompanied by a certified or casher's check or bidder's bond made payable to the City of Seaside, for any amount equal to at least ten per cent (10% of the amount bid, such guaranty to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract within ten (10) days after notification of the award of contract to the bidder.

All wage scales shall be in accordance with AGC agreements and trade union agreements.

Said plans and specifications are now on file in the office of said City Clerk and may be secured from that office by payment of five dollars ($5.00), a refund of five dollars ($5.00) will be made upon the return of said plans and specifications in good condition within ten (10) days after the award of the contract.

By order of the City Council of the City of Seaside, Monterey County, California.

DUDLEY N. LAPHAM,
City Clerk

Named to Dean's List

The School of Business Administration at Golden Gate College has announced that James C. Davis met the academic standards required to qualify for the Dean's List during the Spring semester of 1972.

Fiesta at Old Mission San Miguel

The 175th birthday of historic Franciscan Old Mission of San Miguel, in the town of San Miguel, and the feast of its patron, St. Michael the Archangel, will be celebrated this Sunday, September 17, with a fiesta, rich in color and tradition of early California Spanish-colonial days. Admission is free and all are invited.

Festivities start with the Fiesta Mass of 10 a.m., in the Old Mission Church. Ancient Spanish vestments from the mission museum will be worn. A special fiesta narration will be given by Padre Fermin de Lausuen, O.F.M., the Presidente who founded Mission San Miguel in 1797, and successor to Padre Junipero Serra, founder of the chain of California mission.s

From 12 noon to 4 p.m., expert American Legion chefs will serve an old-time California barbecue dinner of 14-ounce top sirloin steaks, salsa, beans, garlic bread, and coffee or milk. Barbecue tickets are $3.50 for adults; $1.25 for children. Guests are asked to bring their own silverware, if possible.

Master of ceremonies will be San Miguel's own Bob Hope --popular Bob Mann. Free fiesta entertainment by groups will be lively and well balanced, with each group appealing to different segments of the audience.

There will be an organ concert by Mary Anderson, featuring both fiesta and popular music. Franciscan Friar Vincent Mesi, solist, will sing late popular songs, accompanied by a brilliant guitarist. A talented group, "The Larsen Family Orchestra", (father and sons), will alternate with others providing fiesta music all day.

Exciting games will be available: wheel of fortune; baseball throw; and other carnival attractions for all ages, together with booths for cakes, stuffed animals, and other favorite prizes.

Proceeds will go to the fund promoting further restoration and maintenance of this grand Old Mission.

Visitors may tour the ancient cloister; museum; picturesque monastery gardens; and inspect the spectacular Old Mission Church interior and its original sanctuary and decorations, considered to be the best preserved of all California missions.

Thousands of Californians and out of state visitors look forward to fiesta-time at Old Mission San Miguel, year after year. It is a truly memorable experience, and its fun-time for everybody.

The Old Mission is located in the town of San Miguel, on Highway 101, seven miles north of Paso Robles. Travelers along Highway 101, modern route of El Camino Real, are welcome to the fiesta, Sunday, September 17, where they will be greeted by brown-robed Franciscan Friars, with the traditional "Bienvenido, Amigos"!

Slide Lecture Tomorrow

After a summer lull, Monterey Peninsula Audubon Society resumes activities with a program meeting at Canterbury Woods Auditorium, 651 Sinex Avenue in Pacific Grove on Thursday, September 14 at 8 p.m.

The program, "A Naturalist in Malaysia and Australia," will be given by William Anderson of Santa Cruz, a retired biologist for the California Department of Fish and Game and an active ornithologist and nature photographer. He will illustrate his talk with slides he took on 1969 and 1971 trips.

On Saturday, September 16, Bill Reese will lead a beginners' instructional field trip in the Pacific Grove area.

Sale Is Saturday

The Women's International League for Peace and Freedom is having another sale.

This Saturday, September 16, from 10 a.m. until 3 p.m. at the New Monterey Neighborhood Center, Lighthouse and Dickman Streets in Monterey, washable acrylic knits will be on sale at huge savings.

All are invited to attend.

Girl Scout Sign-Up Week Announced

"Involved Today For a Better Tomorrow" is the them set for Girl Scouts of the Monterey Bay Girl Scout Council during recruitment week September 13 through 20.

Adults--men and women--of all ages will have an opportunity to explore the opportunities Girl Scouting has to offer them by attending information meetings at schools, churches and other centers. Oakside neighborhood will hold a meeting Wednesday, September 20 at 1955 Mendecino, Seaside from 7 to 9 p.m.

Mrs. Betty Savage, neighborhood chairman, says, "I went int Scouting with my two daughters and have found my own personal experiences very rewarding."

The program involves activities in the Arts, the Home and the Out-of-Doors with an emphasis on International Friendship, Citizenship, Spiritual and moral values, Health and Safety and Service.

Girl Scouting today is reaching out to all segments of the communities to meet the needs of girls and is adapting its program to meet these needs.

Mature adults are needed to fill leadership positions in the program. Any adult who believes that young girls can and should be learning today to be responsible citizens tomorrow, can be part of this learning by volunteering to work with Girl Scouts.

Girl Scouting is for all girls 7 through 17 and for all adults over 18. Please call for further information: Mrs. Pat Pagneillo, 384-6545, Mrs. Betty Savage, 394-4397.

'Bonanza' Starts 14th Year

Lorne Greene begins his 14th year as Ben Cartwright, head man of the Ponderosa, when "Bonanza" returns this month as television's longest-running series in color.

A native of Ottawa, Canada, Greene studied chemical engineering at Queen's University, Kingston, Ontario. He took up acting and theatre production in spare hours.

Upon graduation, he won a fellowship at the Neighborhood Playhouse in New York where he continued his theatrical training.

Returning to Canada, he found that jobs in the

He eventually became a chief announcer and was soon known as the "Voice of Canada."

Greene established the Academy of Radio Arts in Canada and the Jupiter Theatre for legitimate productions.

He perfected a specially designed stopwatch for use in radio and television and during a business trip to New York to market the device, a chance meeting with an old friend led to his appearing in a "Studio One" drama.

During the 1950s he appeared in many telecasts, two movies and, on Broadway, opposite Katharine Cornell in "The Prescott Proposals."

In 1958 he was signed as a starring regular in the role of the Ponderosa patriarch, Ben Cartwright, in the then-proposed series "Bonanza," which made its television debut in September, 1959.
